

PROFESSIONAL EXPERIENCE

HCLTech 

Senior Analyst

August 2022 – present | Nagpur, India

- Supported the development of Service Now modules by analyzing the requirements of the vulnerability management team and converting them into a viable solution. Resulted in improved management of vulnerabilities, real-time data analysis, and enhanced oversight.
- Led and managed the vulnerability management team, improving the service level agreements (SLAs), the quality of remediation, and the processes.

Analyst

July 2020 – August 2022 | Nagpur, India

- Designed and developed a Configuration Management Database Support System using HTML, CSS, JavaScript, Ejs, Express.js, and Node.js. Improving the CMDB data quality by up to 90%.
- Managed and provided support for Windows and VMware infrastructure.
